

CALGARY KILLARNEY

ARTISTIC SWIM CLUB

Fundraising FAQ's 2025-2026

Why fundraise?

Calgary Killarney Artistic Swim Club is committed to keeping programming fees as low as possible. Your fundraising commitment helps reduce overall costs for members like you, making artistic swimming more affordable and accessible. This enables our club to nurture a diverse range of swimmers and enhance the overall quality and inclusivity of the sport.

What is my fundraising commitment?

[Fundraising and Volunteering Policies](#)

Program	Fundraising Commitment
AquaGO! Adapted	No commitment
Pre-competitive	\$150
Provincial Stream	\$350
National Stream	\$400

What are fundraising credits?

Fundraising credits are the percentage or set credit that your athlete's fundraising account can earn per fundraiser and is tracked against your fundraising commitment.

Examples:

- Set credit: For every box of honeycrisp apples your athlete sells, your athlete's fundraising account will earn 8.50 credits.
- Percentage credit: For every Simple Simons Pie order your athlete sells, your athlete's fundraising account will earn credits equal to 22% of each sale. For example, if you sell a box of taco pies for \$35, your athlete's fundraising account will earn 7.70 credits (22% of \$35 = 7.70 credits).

Can I buy out my fundraising?

Yes, you can buy out your fundraising for \$500 for athletes on competitive teams, or \$200 for athletes on pre-competitive teams. This amount covers your commitment and helps with minimum delivery fees when participation is low, ensuring equity in our sport. Our aim is to respect the right to not fundraise, while providing an opportunity for those who rely on it to access programming.

How do I pay for the buyout?

If you choose to buy out your fundraising commitment after registration, please contact our Admin to arrange invoicing (admin@yyckillarney.com).

What happens if I do not make the fundraising commitment?

If the commitment is not fulfilled, the athlete's account will be invoiced the remaining balance after the team deposit and fundraising credits are applied. This occurs after the last fundraiser is complete.

What happens if I earn more than my fundraising commitment?

Once your commitment is fulfilled, any earnings in your athlete's fundraising account above your fundraising commitment amount will be applied/credited towards your athlete's overall fees.

How do I know when each fundraiser is running?

Details about each fundraiser will come out in the Wave. Fundraisers generally run for 2 weeks. Payment must be received in full prior to order submission.

Please note: all deadlines are firm.

How do I pay for fundraisers?

Payment options will be outlined in the Wave and vary fundraiser to fundraiser. Most platforms use credit cards as their primary method of payment. If an e-transfer option

is available, please send the full amount to payments@yyckillarney.com with a note in the description that includes both the athlete's name and the name of the fundraiser.

All dates are tentative until they are released/promoted in the Wave. As competition dates become available, the timeline will be adjusted accordingly.

Fundraisers	Order Timeline-tentative	Delivery ETA	Credit you can earn (Approximate profit-earnings are based on volume ordered. The more we sell as a club the more you make)!
Davison's Apples and Pears	Aug. 31 to Sept. 15	Oct 3	Earn \$7- 8.5 credit per box depending on variety
